

Forster Eye Surgery

World-Class Eye Care for the Great Lakes and Manning Regions

Welcome to Forster Eye Surgery, where we are dedicated to providing top-tier eye care services to the Great Lakes and Manning communities. Our state-of-the-art facility and experienced team are committed to offering comprehensive eye care in a comfortable and welcoming environment.

Services We Offer

- **Cataract Surgery:** Experience clear vision again. Our advanced cataract surgery techniques ensure precise and effective treatment
- **Vision Loss Management:** We offer expert care and support to help you adapt and maintain your quality of life despite vision changes
- **Comprehensive Eye and Vision Care:** From routine check-ups to complex treatments, our specialists are equipped to handle all your eye care needs
- **Paediatric Ophthalmology:** Specialized eye care for children, ensuring the best possible vision outcomes from a young age
- **Vitreoretinal Surgery:** Advanced surgical treatment for retinal disorders, providing high-quality care for complex conditions

Our Purpose-Built Facility

Forster Eye Surgery is designed with patient comfort and care in mind. We provide a full range of ophthalmic services, from diagnosis to treatment and ongoing care. Our team includes leading ophthalmologists, orthoptists, ophthalmic nurses and ophthalmic assistants, ensuring that you receive the highest standard of care.

Advanced Diagnostic and Surgical Services

Our clinic is equipped with cutting-edge technology to offer a wide array of diagnostic services, including:

- Digital Retinal Photography
- Fluorescein Angiography
- Optical Coherence Tomography (OCT)
- Optical Coherence Angiography (OCTA)
- Fundus Autofluorescence
- Corneal Topography
- Ocular Ultrasound
- Automated Visual Field Assessment

Our on-site operating theatre allows us to perform minor procedures and oculoplastic surgeries. For more advanced procedures, we collaborate with local day surgeries and hospitals to ensure you receive timely and efficient care.

Private and Public Hospital Services

At Forster Eye Surgery, we are proud to offer our services in both private and public hospitals, ensuring accessibility and quality care for all patients. Whether you require treatment through the private sector or prefer public healthcare options, our team is here to provide exceptional eye care tailored to your needs.

Community-Focused Care

Since our establishment in 1993, Forster Eye Surgery has grown to become a vital part of the local community, providing specialized care for conditions such as Macular Degeneration, Glaucoma, Cataracts and Diabetic Retinopathy. We are proud to offer world-class eye care while maintaining a strong connection to our local roots.

Our Commitment

At Forster Eye Surgery, we value your time and well-being. Our priority is to deliver exceptional eye care with respect and efficiency, ensuring you feel valued and supported throughout your treatment journey.
